

Call for symposium proposals 2016 meeting of the Society – Istanbul, Turkey

The 2016 ISZB Meeting will be held at Renaissance Polat Hotel in Istanbul during September 25-29 2016. The ISZB Meetings Committee and the Local Organizing Committee are now developing the scientific program.

The program will consist of plenary lectures, symposia, and poster presentations. Presentations from younger researchers that complement symposium themes will be selected from abstracts submitted for poster presentations.

Symposium topics will be chosen from proposals made by individuals and by the organizing committee, and will be selected to represent the broad disciplines of zinc in biology.

Symposia will last 1 hour 30 minutes with a maximum of 4 speakers and must address scientific issues around a coherent theme of interest to a broad audience. We encourage particularly proposals that include speakers from outside the ISZB. Symposium chairs should contact proposed speakers and indicate if they have received confirmation that speakers would be willing to accept if the symposium is hosted.

To submit a proposal, please complete the attached form and send by email with the subject **ISZB Symposium Proposal** to ISZB2016@gmail.com before **Sept 15, 2015**.

Chair of Local Organizing Committee

Belma Turan
